PAIRS LEAGUE

Player guide · Wi Padel Sherwood · 15 October – 15 December 2026

Play when you want, compete when you can. Every pair plays every other pair in their division. There is no set order and no fixed night: you arrange each match directly with your opponents and play it whenever suits you both, as long as they are all done by 15 December.

Getting a match played

1 Find who you still have to play
Open the league site, pick your pair once, and you get your own page: every fixture, split into still-to-play and played, with your opponents' WhatsApp numbers.

2 Whoever is marked "messages first" starts the chat
They suggest two or three date and time options. Either pair can start it. The rule only exists so both sides are not sitting waiting for the other.

3 Book a 90-minute court
Either pair books at Wi Padel Sherwood on Playtomic. All league bookings are 20% off automatically; there is no code to enter.

4 Submit the score, then post it in the group
One player enters it on the site, and also posts the score in the WhatsApp group with the date and time you played. The table updates the moment it is submitted.

Your division

DIVISION	PAIRS	YOU PLAY EACH OTHER PAIR	YOUR MATCHES
Intermediate	10	Once	9
Beginner	8	Twice, home and away	14

Where a division plays home and away, the two meetings are separate matches, each scored on its own, and who makes first contact swaps between them. They need not be played in order.

How a match is played

- **Two regular sets.** A set is won at 6 games with two clear, or 7–5, or 7–6 on a tie-break.
- **Star point at deuce** (sudden death). This keeps matches inside 60–90 minutes so the court is free on time.
- **If the sets finish 1–1, a 10-point super tie-break decides the match.** First to 10, win by two clear points.
- There is never a third full set.

Points

Three points are shared out in every single match, however it finishes:

	WINNER	LOSER	WHERE THE POINTS COME FROM
Won 2–0	3	0	Two sets won, plus the point for winning the match
Won on the super tie-break	2	1	One set each; the winner adds the match point

The rule underneath both lines: **one point for every full set you win, plus one point for winning the match.** The super tie-break is **not** a set. It only decides who takes that match point, so you keep a point for a set you won even if you lose the match.

PAIRS LEAGUE

Player guide · Wi Padel Sherwood · 15 October – 15 December 2026

Three worked examples

SCORE	RESULT	POINTS
6–3, 6–4	Won in straight sets	3 – 0
6–4, 3–6, 10–8	Lost set two, won the tie-break	2 – 1
4–6, 6–2, 8–10	Won a set, lost the tie-break	1 – 2

How the table is ordered

Pairs level on total points are separated in this order:

- **1. Head-to-head**, the points you took from each other.
- **2. Sets won**, total full sets across all your matches.
- **3. Game difference**, games won minus games conceded, counting full sets only.

Deadlines

- **Every match must be finished by Monday 15 December 2026.**
- We strongly recommend having **about half of them played by 15 November**. Leaving them to the end means fighting everyone else for the same courts.

Substitutes

If your partner is injured or away, you may use **one substitute for that match**. The substitute's Playtomic rating must be at or below your division cap: **1.5 for Beginner, 3.0 for Intermediate**. The result counts normally.

Balls

Balls are **not provided** and are not included in your court booking. If you want a new tin for your match, the pairs buy it themselves. Split the cost between the two pairs, or make your own arrangement, as long as you sort it out before you play.

Submitting results

- Either player from the **winning pair** submits the score on the site.
- **Post the score in the WhatsApp group as well**, with the date and time the match was played.
- A match can only be submitted **once**, and it cannot be overwritten, so check the score before you send it.
- Got it wrong? Message the organiser and it will be corrected.
- Only completed, legal scorelines are accepted, so a typo will be refused rather than quietly saved.

A few pointers

- Book the court as soon as you agree a time. Slots get scarce towards the end of the season.
- Get there a few minutes early. Your warm up comes out of the 90 minutes.
- If you have to call a match off, tell your opponents as early as you can and offer another time.
- Message the other pair directly instead of asking in the group. Their numbers are on the site.
- Check the grid now and then to see who you still owe a match.

Everything is on the league site

Fixtures, contact numbers, the live table, the cross grid of who has played who, and the score form. Scan the code or go to:

https://talhahp.github.io/wipadel-pairs-league/

Pick your pair once and the site remembers you on that phone.
